SPECIAL FLU RIDDEN ISSUE.....HOLD AT ARM'S LENGTH!!!

Well there was I on Wednesday thinking that I had better make an effort to get finished in the lab for the week on Thursday so that I could get started on BYA on Friday.....

There was I Thursday a shivering, sweaty heap under the bedclothes, virtually turning myself inside out whenever I coughed.....

I'm actually mobile now but I'm still coughing and I am finding it difficult to concentrate on anything- I've gone into a blank daze three times already on this stencil!

So this is a game only issue (just cost post)
So this is the game:

New Game: Slight hold up on this. So far I have pref. lists from Tom Roberts, Pete Hawkins, David Rutt, John Roberts, Karl Piper, A(?) Hayes, and John Lettice (who replaces Graham Smith) have not sent anything (John because I forgot to ask him....) and if I do not hear by next deadline will just have to take what they are given

All waiting lists as last time.

As I am not taking my normal week for production the deadline is moved forward to counter the christmas delay.

DEADLINE 3rd March 1978

From: Pete Lindsay, Haig 46, David Russell Hall, St. Andrews, Fife.

PS Who sent me a letter marked Urgent a couple of weeks before the deadline? The envelope had been torn and arrived empty.
