

This is the fifth edition of one of Diplomacy's worst smells, it emanates from the same stable as The Norms, and the Deadlines are the same.

SCOTDIFCON

Reliable informants lead me to suspect that this will be between 24th and 26th October.

SUB-ZINES

Pete Lindsay may well start a one or two side sub-zine in the near future. Pete used to run the 'Satelite' page in Frigate is looking for a new home.

NEW ZINES

There have been several ~~rum~~ rumours flying around, to the effect that Roy Taylor (& Glyn Palmer?) will soon start a new NGC zine. Paul Simpkins is also considering the purchase of an NGC franchise with a zine to be called 'Bazzer' or 'Chunder' or something like that.

ENVELOPES

All players in this zine, and in TN, will receive an envelope with my address on it. Let's see if this reduces the frequency of rnr's.

FIAT LUX

After much thought I have finally and conclusively proven the identity of Incifer to be none other than (sorry, no space left now, see Filibuster XIV)
