Dear All,

Well, i'm afraid it's come to this, i'm unable to continue with WINTER RETREAT. What a surprise I hear you shout.

I just can't see myself finding the time to get out this issue, let alone future issues. More and more things take up my time every day, and diplomacy is at the bottom of the list. I'm getting married in the summer, I'm running a literacy school during the summer holidays, and teaching is a full-time occupation and then some.

Sorry it has taken so long to reach this decision. Maybe I was deluding myself that I would get it out someday, but it just never happened. I don't know what will happen to the games, but i'll return any subs I have from people ASAP.

It was very enjoyable running a zine. But impossible if you have any life at all.

Matt.
